

Uni-Link / Universal Load Cell Connector

UNI-LINK02

- Connects to any type of load cell
- Converts analog signal to digital data stream
- Rechargeable built in Li-ion battery
- Compatible with the Vetec App (iOS & Android)
- Very clear red digit LED display. Visible at long distances / in bright daylight
- Brackets and cables for easy mounting
- Bluetooth allows long-range (Class 1) and short-range (Class 2) communication with cloud service for data logging.
- Designed and manufactured in Denmark for high quality assurance

Specifications	
Load range	Same as connected load cell
Compatibility	Load pins, Tensionmeters, S-Type load cells, Bending beams, Compression load cell, Load links and etc.
Display	Bright LED
Digit height	14 mm
Digit color	Red
Operating time	16-20 hours (Operating at low temperatures will decrease the operating time)
Operating temp.	-20°C to +50°C
Batteries	Built-in Li-on battery
Charger	High quality USB charger
